

Our Class Names – Reflecting Marner’s Values

From September 2025, all classes at Marner Primary School will be known by names that reflect our school values and vision. These names have been carefully chosen to represent key personal qualities, aspirational traits, and values that we hope every child will develop during their time with us.

This initiative forms part of our commitment to building a strong sense of identity, belonging and pride in every classroom. The names are either direct representations or meaningful synonyms of our school’s six core values: **Growth, Hope, Community, Respect, Happiness** and **Motivation**, alongside our school strapline:

Inspire, Empower, Achieve.

Each year group theme reflects the developmental journey of our pupils, from early roots in Nursery through to leadership and legacy in Year 6.

-

These class names are more than just titles – they are reminders of the kind of learners, citizens and people we are helping our pupils to become. They will appear on classroom doors, timetables, and internal communications, and help to foster a shared language of aspiration and positivity across our school community.
